CYBERSECURITY ADVISORY · VCISO

ThreatGovern™

CISO-level leadership without the CISO-level headcount — strategy, governance, risk and incident command, backed by a 24/7 Global SOC that acts.

WHAT THREATGOVERN DELIVERS

Security strategy & multi-year roadmap — Board-ready risk, aligned to budget

Program build, governance & KPIs — Policies, procedures and metrics that survive audit

Risk management & living risk register — Quantified, prioritized, with treatment strategies

Compliance audit readiness — ISO 27001, SOC 2, HIPAA, PCI DSS, GDPR, NIST CSF, CMMC 2.0

Vendor & third-party risk oversight — Questionnaires, due diligence, contractual controls

Incident command during active breaches — Executive incident commander, backed by our SOC

Board & executive reporting — Decision-ready briefings that show security ROI

Security architecture guidance — Security-by-design for projects, M&A and launches

For MSPs, MSSPs & vCISOs — white-label

Resell ThreatGovern under your own brand. Stand up a senior advisory practice without the hire. Channel-only by design — we never appear in front of your client; you own the relationship and the pricing.

For enterprises — direct

Fractional, interim or project-based CISO-level leadership: a named senior advisor accountable for your program, audit-ready governance, and 24/7 incident-escalation access to our SOC.

ENGAGEMENT MODELS

Fractional — ongoing monthly retainer. **Project-based** — fixed scope and deliverables. **Interim** — full-time transition cover. **Advisory** — strategic input, board attendance, mentoring.
All include 24/7 incident-escalation access.

Most advisors hand you a plan. Vijilan can also run it.

Strategy connects to a 24/7 Global SOC, Tier 1–3 analysts, every alert human-reviewed; containment via **ThreatContain™** (isolation, account disablement, token revocation, IP blocking); unlimited-data SIEM via **ThreatLog™** (Falcon LogScale + Cribl — no data caps, no per-GB fees, 90-day active / 7-year archive). One accountable partner from boardroom to breach.

WHAT YOU RECEIVE

Measurable status reports · a customized risk register · IR plans & playbooks · a policy library · quarterly board briefings · annual roadmap & budget planning · vendor risk reports · compliance evidence packages · a direct line to your advisor.

SOC 2 Type II certified · **ISO/IEC 27001 certified** · **CrowdStrike CPSP** · Cribl & Corelight alliances · U.S.-based advisory team, fully integrated with the SOC
